

December 3-6, 2012
Hollywood, California

APSIPA ASC 2012

Call for Proposals for Tutorial Sessions

You are cordially invited to submit your proposals for APSIPA ASC 2012 tutorial sessions. We would like to enrich the APSIPA conference with diverse knowledge through a set of tutorial sessions of 3 hours each. The tutorials are looked at as stepping stones to new researchers to undertake research in a certain field, boost the knowledge of experienced researchers, and direct the attention of the research community to an important field. The topics could be in any field within, but not limited to, the APSIPA themes:

Biomedical Signal Processing
and SystemsSignal Processing Systems:
Design and Implementation

Image, Video and Multimedia

Speech, Language and Audio

Signal and Information
Processing Theory and MethodsWireless Communications
and Networking

As a reward, APSIPA conference organisers will dedicate an honorarium of \$US1000 paid as a lump sum to the presenters of each tutorial session.

Submission of Tutorial Session Proposal

Proposals should include short summary with the following information:

- Full name(s) of the tutorial presenter(s)
- Affiliation
- Contact details (Postal Address, Phone, Fax, E-mail)
- Tutorial title and abstract

Please submit your proposals via e-mail before May 10, 2012 to the Tutorial Session Co-Chairs Dr. Qi Tian qitian@cs.utsa.edu, Dr. Chang-Su Kim changasukim@korea.ac.kr, Dr. Jiwu Huang isshjw@mail.sysu.edu.cn
